PROFESSIONAL SUMMARY

Motivated Web Developer and BCIT student with strong front-end development skills in JavaScript, React.js, HTML, CSS, and modern frameworks. Experienced in building responsive websites, creating component-based applications, implementing animations, and deploying functional projects. Seeking a Web Developer Internship to apply hands-on coding skills in a professional environment while continuing to grow as a developer.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3, PHP

Frameworks/Libraries: React.js, React Router, Vite.js, GSAP, React Native (Expo)

Tools: Git/GitHub, Node.js, Visual Studio Code

Other Skills: Responsive Development, State Management, API Integration, CSS Grid/Flexbox

EDUCATION

British Columbia Institute of Technology (BCIT)

Diploma, New Media Design & Web Development

2024 – Present

Relevant coursework: Web Development, JavaScript, App Development Strategy, Responsive Design, Animation for the Web, Mobile Development.

DEVELOPMENT PROJECTS

React.js Portfolio Website (2025)

React, Vite, CSS Modules, React Router

- Built a fully responsive portfolio website using components and modular architecture.
- Implemented multi-page routing, reusable UI sections, and optimized asset handling.
- Added scroll animations, improved visual consistency, and deployed using GitHub Actions + FTP.
- Designed a 1440px fixed layout with organized structure and clean coding patterns.

FitFuel – Recipe & Meal Planner App (React.js)

React, State Management, JSON Data, Third-Party Packages

- Created a multi-page React application for healthy recipes and meal planning.
- Developed dynamic recipe cards, filtering logic, and a favourites system using React state.
- Integrated a third-party package and ensured smooth responsiveness across devices.
- Structured reusable components for clean, maintainable code.

React Native Mobile App (Expo)

React Native, React Navigation, FlatList

- Developed a functional three-screen mobile app prototype.
- Implemented stack navigation, prop passing, and dynamically rendered lists using FlatList.
- Built reusable components and followed React Native layout standards.

Lumora Home Décor Landing Page

HTML, CSS, JavaScript, GSAP

- Built a responsive landing page with modern animations and transitions.
- Implemented GSAP scroll and tween animations for smoother interactions.
- Used CSS Grid/Flexbox to structure a clean, mobile-first layout.
- Added hero slider functionality and organized content for a polished experience.

FitConnect Brand + Front-End Implementation

Front-End Development, Component Layout, Responsive Structure

- Built structured UI screens based on provided designs and page flows.
- Applied consistent spacing, hierarchy, and mobile-friendly layout patterns.
- Integrated multiple pages including Home, Dashboard, Plan, and Settings using React Native layout techniques.

GSAP Animation Project

HTML, CSS, JavaScript, GSAP

- Created a web animation using tween and keyframes to demonstrate JavaScript animation skills.
- Implemented timeline events, easing, and smooth transitions.

SEO Single-Page Website

HTML, CSS, JavaScript

- Developed a single-page website following SEO best practices.
- Added semantic HTML, alt text, structured content, and responsive scaling.
- Optimized load structure and user flow.

ADDITIONAL DEVELOPMENT WORK

- JavaScript DOM manipulation projects
- Interactive form handling exercises

- Animations and transitions for web interfaces
 - Responsive layout builds for multi-section pages
-

SOFT SKILLS

Problem Solving • Attention to Detail • Time Management • Debugging • Clear Communication • Quick Learning

AVAILABILITY

Available for full-time or part-time internship starting January 2026.
